EXPERIENCE

- *** Collaborated with cross-functional teams to design, develop, and deploy dynamic web applications, meeting project requirements and deadlines.
- *** Implemented RESTful APIs and integrated them with the front-end to enable efficient data exchange.
- *** Designed and developed responsive UI components, ensuring consistent user interface across platforms.

EDUCATION

Class 10
Comilla Zilla School
Cumilla, Bangladesh

PROJECTS

E-Commerce Website —

Developed a responsive e-commerce platform using React and Node.js, enabling users to browse products, add them to the cart, and proceed to checkout. Integrated PayPal API for secure payments.

Task Manager App —

Designed and built a task management application with Angular on the front-end and Express on the back-end. Implemented user authentication and real-time updates using WebSocket.
